

Digitally printed Branded Shade Cloth has a loose weave and is therefore more wind resistant with good visual finish. Two widths available 1.83m and 2.0m wide (MOQ of a 55m roll).

Easy to install, with 'eyelets' forming part of the fabric construction allowing you to cable tie or wire as often as you like. Lightweight for easy handling and positioning. 10 -12 days lead time.

## Suitable for

- Events
- Sports events
- Building branding
- Security

Single Sided only
